

Lewis Spitz Symposium with the 65th Simpson Smith Memorial Lecture

This annual symposium focuses on aspects of paediatric surgery, providing an insight into innovation and current practice, with speakers from the major centres of excellence in the field. The 2013 Simpson Smith Lecture will be given by Professor Jan Deprest of Katholieke Universiteit Leuven.

Topics for this year's symposium include:

Controversies in Paediatric Surgery

- Orchidopexy: early vs. late
- Transanal pullthrough: pro- vs. con-
- Redo fundoplication in cerebral palsy: pro- vs. con-
- Bare below the elbows: pro- vs. con-
- Gallstones: surgery vs. wait and see

Evolving care in Paediatric Surgery

- Advances in Gastroenterology
- Surgery for childhood constipation
- Frontiers in interventional radiology
- Transition of congenital anomalies to adulthood
- Paediatric Gynaecology
