

Paediatric Surgical Oncology Masterclass

Paediatric Surgical Oncology is a subspecialty of Paediatric Surgery.

A two day Paediatric Surgical Oncology Masterclass, aimed primarily at British trainees, will take place in the Royal Hospital for Sick Children, Glasgow, on Friday 28th February and Saturday 1st March 2014, organised by Professors Robert Carachi and Dan Aronson.

Masterclass Faculty includes:

Sandeep Agawal
Dan Aronson
Giovanni Cacchetto
Robert Carachi
Jan Godzinski
Helene Martelli*
Dermot Murphy
Mark Powis

Topics covered include: thoracic tumours, germ cell tumours, renal tumours, sarcoma, liver tumours and neuroblastomas, pathology and paediatric oncology, followed by a Tumour Board.

All registered delegates will receive a certificate of attendance. There will also be a course dinner on Friday 28th February 2014, allowing a chance to network with other candidates and the Masterclass Faculty.

* to be confirmed

Application:

Further information and application forms available from Rosemary Mackenzie on:

exam@paediatricsurgeryexam.org

Complete your application form and arrange payment as soon as possible following the information on the application form.

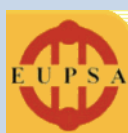

When your place is confirmed, you will be sent details of local hotel accommodation and a programme for the two days.

You will also be asked if you wish to attend dinner (separate payment required).
