Dear Honorary Secretary,

Nomination for President: Mr Bruce Jaffray

I would like to submit my support for the nomination of Bruce Jaffray as the next President of BAPS.

As you know, Bruce is an expert in his field and has been a great advocate of BAPS show by his recent stint on the BAPS Executive Board.

I think we both know that Bruce brought an openness and frankness to the meeting which allowed decisions to be made in a timely manner.

I think this openness and frankness will serve him well as President and make sure that BAPS continues to represent its members interest on the various boards the President is part of.

With best wishes.

Ian Sugarman
